

In honor of the 20th Anniversary of  
the Montreal Protocol on Substances  
that Deplete the Ozone Layer

[company name]

Is proud to be a part of  
the solution.

September 16, 2007, marks the 20th anniversary of the signing of the Montreal Protocol, under which countries are phasing out the production and consumption of substances that harm the ozone layer. The Montreal Protocol has been hailed as perhaps the most successful environmental treaty to date.

[Company name] is proud to have been a leader in global efforts to protect the ozone layer.
